

## Tradition starts here...

The City of Charleston and the high school boys and girls basketball programs welcome the 2014 Charleston Basketball Developmental League. This league is an opportunity to develop the vital fundamental skills to compete at a higher level of basketball in the community. Through instruction and healthy competition, players have the opportunity to learn from the top players and coaches in the city. As a new era of high school basketball arrives in Charleston, tradition starts here!

### What makes CBDL unique...

Participants in the Charleston Basketball Developmental League help to grow roots in our community to improve and make Charleston a premier basketball program in the State of Indiana. You will work closely with the high school coaches, players and local leaders in our sports community.

#### Facts about Charleston Basketball Developmental League:

**Who:**

All boys and girls ages 4-12 years old (we do welcome participants outside of Charleston).

**When:** The season begins October 27 and ends December 20. The 4-5 year olds will participate in a Saturday camp for 45 minutes, which will include instruction, station work, full court drills, and fun games. The 6-12 year olds will practice 1-2 nights a week for 1 hour and have a game once a week on Saturdays.

**Where:** Games and practices will mostly be held at Charleston High School with a few practices held at other schools in Charleston.

**How much:**

- 4-5 year division—\$25 per child
- 6-12 year divisions—\$40 per child

For sibling groups, subtract \$5 for each child after the first full payment (ex: 1st child—\$40, 2nd child—\$35, 3rd child—\$35). This cost includes a t-shirt and basketball for each participant. Payment is due at registration (Cash or check. Checks can be made payable to *City of Charleston*).

**Registration:** You may fill out this form and mail back to the address below on the next page or you may contact Kristin Cox at [kcok.cityofcharleston@gmail.com](mailto:kcok.cityofcharleston@gmail.com) or (812) 256-3422 ext. 325 (you will not hear the option 325, but it's ok to input this).
